

C. S. PRATHER, FOOD INSPECTOR, RESIGNS

NAME LINKED WITH CONFESSION OF BREWER

ACCEPTED BY GOV. HYDE

Heber Nations, Labor Commissioner, Connected With Alleged "Protection" According to Governor

Jefferson City, March 10.—The resignation of another state official whose name has been connected with the alleged confession of a St. Louis brewery official that he paid \$15,000 for "protection" to manufacture and sell real beer, today was expected in official circles at the capital, following the resignation of Charles S. Prather, state food and drug commissioner.

Governor Hyde, last night, accepted the resignation of Prather, who declared he quit in order to force the charges and his accusers into the open for "a fight to the finish."

The retiring commissioner, whose resignation was effective at once, branded the protection charges as "absolutely false."

The governor said the name of Herbert Nations, state labor commissioner, had been connected with the alleged confession of the brewery official.

Nations is in St. Louis today, but it is believed he will communicate with the governor by long distance telephone.

The governor, in accepting the resignation of Prather, said he was not passing judgment on the "protection" charges. On the other hand, he praised Prather as an efficient official.

Nations, in his local newspaper, charged that the "protection" story was started by Hank Weeke, a St. Louis politician, in an effort to discredit Gus O. Nations, prohibition enforcement officer for Eastern Missouri, and a brother of the labor commissioner.

Jefferson City, March 10.—Charles S. Prather, state food and drug commissioner, last night handed his resignation to Governor Hyde after his name had been linked with the confession of a St. Louis brewer that he had paid two state officials \$15,000 for "permission" to manufacture real beer. The resignation was accepted. The governor said he was not passing judgment on the rumors.

The other state official connected with alleged "protection" is Heber Nations, state labor commissioner, according to Governor Hyde.

Nations is publisher of the Jefferson City Daily Post and a brother of Gus O. Nations of St. Louis, chief prohibition enforcement officer of eastern Missouri.

Accused Close to Hyde.
The governor, who returned to Missouri Friday, said he had not had an opportunity to confer with Heber Nations. Heber Nations is in St. Louis at the bedside of his brother, Gus, who underwent an operation several days ago.

Prather and Nations are two of the principal appointees of Governor Hyde. They have been his most active lieutenants and advisers in shaping policy of the state administration in political matters.

Prather, in tendering his resignation to the governor, said "as a private citizen I shall force these charges and those behind them into the open and fight them to a finish."

"Nothing to Charges."
"The boys say there is nothing to these charges," said the governor.

"I had no conference with Mr. Prather. He came to the mansion and handed me his resignation on the ground he wanted to meet the charges as a private citizen."

"I saw Mr. Nations Friday for a few moments, but he called with several others for a personal visit."

"I did not summon either Prather or Nations to my office."

The Governor, in a formal statement praised Prather's work as head of the food and drug department."

The resignation was precipitated by St. Louis dispatches stating that an official of the Griesedieck brewery of St. Louis had confessed to government secret service men he had paid \$15,000 to two state officials for protection in the manufacture of real beer. The official said the protection was at the rate of \$1 a case for the beer and the last payment was \$800 February 20.

800 License Plates are Received Today

May Be Obtained at Maryville Division of Automobile Club of Missouri—More to Come Soon

Eight hundred passenger car license plates have been received by the Maryville division of the Automobile Club of Missouri, Earl Sams, local manager, announced this afternoon.

This supply will last until the shipment by freight arrives in Maryville, Mr. Sams said. A number of car owners were in Maryville Saturday for the purpose of securing the 1924 license plates, but the supply was exhausted several days ago.

RESERVE OFFICERS MEET YESTERDAY

FORMULATE PLANS TO OBTAIN APPLICANTS TO C. M. T. C.

RAYNOR IS CHAIRMAN

For Mapping Out Program the County is Divided Into Three Sections by Officers Committee

Tentative plans, subject to the approval of the headquarters department at St. Louis, were made yesterday by the Reserve Officers of the county for obtaining applicants for the Citizens' Military Training Camp this summer, starting about August 1, and optional as to camp, either Des Moines, Ia., or Fort Leavenworth, Kan. Major Rolf Raynor, who was elected permanent chairman of the Officers Reserve Corps committee of the county. The meeting was held at 10 o'clock yesterday morning at the Battery C armory.

Seven of the Officers Reserve Corps of the County came to attend the meeting, but the four members from Burlington Junction arrived late. Those who were at the committee meeting were Dr. K. C. Cummins, captain of the medical corps, First Lieutenant Ambrose Bucher of Clyde, who is chaplain, and Major Rolf Raynor.

At the meeting the committee divided the county into three sections, with E. G. Yable, captain of 120th Field Artillery, who will have charge of the section in and around Wilcox, Burlington Junction and Elmo; Lieut. Bucher to have charge of the section around Ravenwood and the central and southern part of the county comprising Maryville, Parnell, Barnard, Pickering, Hopkins, Skidmore, Arkoe, Graham and Guilford, will be handled by officers in Maryville.

These men intend to give talks at rural and city schools, the Colleges, and churches in the near future. These programs will be formulated soon by the officers, L. M. Eek, Dr. K. C. Cummins, Dr. C. P. Fryer and Major Raynor will attend to this part of the work for the central and southern part of Nodaway County.

Dr. C. P. Fryer will give all applicants physical examination and perituberculous and small pox inoculations free.

It was the plan of the committee to enlist the aid of the various American Legion and Veterans of Foreign Wars posts, the Chamber of Commerce and any other civic or military organizations in the county to assist in interesting youths of the county to take up this military training that is given by the government.

The Civilian Military Training Camps start August 1, and continue for thirty days. Any person attending these camps will not in any way become subject to army service.

Applications can be made in Maryville, to Doctor Cummins, Doctor Fryer, L. M. Eek and Major Raynor.

Instructor Millinery Classes Arrives Today

Miss Lois Martin, specialist of the extension service of the College of Agriculture of the University, arrived today to commence the instructions in the millinery classes that are being held at Elmo. This will be a two day class, and be in the form of review. Representatives of four women's clubs in the vicinity of Elmo will be in attendance at the two-day meeting and then given instructions to the members of their own respective clubs.

NO AGREEMENT IS REACHED SATURDAY

AT MEETING OF M.F.A. AND FARM BUREAU REPRESENTATIVES

TO APPOINT COMMITTEE

Composed of Farmers of Both Organizations to Draft Proposal Equitable to All Concerned

A committee, comprised of three members of the Missouri Farm Bureau Federation of Nodaway County, three members of the Nodaway County Missouri Farmers Association, and three who belong to both the organizations, to draft a proposal to present to the members of the M. F. A. and M. F. B. for the purpose of merger, was the result of the meeting of the representatives of the Missouri Farmers Association and of the Farm Bureau Saturday afternoon in the Farm Bureau office.

Roy Lippman, president of the Farm Bureau in this county said this morning that he had as yet not appointed his members. Mr. Lippman said that he was strongly in favor of any feasible plan that would unite the two organizations.

This committee of nine will be appointed as follows:
Three by the president of the M. F. A., three by the president of the Farm Bureau and these two committees to select three who belong to both organizations and the nine men act in the capacity of one committee to draft some plan that will be equitable to the members of both the farmers' organizations.

The men present at the meeting Saturday afternoon could not come to any agreement except that some plan ought to be formed that would unite the farmers of the county into one organization that would be on an equal basis to all concerned and which would continue to keep up the M. F. A. marketing machine, which would be optional to the members to participate and also the extension service as is now in operation in Nodaway County.

The proposal as presented by William J. Solter of the M. F. A., who resides at La Grange, was not accepted by the farmers present at the meeting. A vote was taken of those present as a sentiment of merging the two organizations under a feasible plan that would be acceptable by both, found twenty-seven in favor and nine opposed.

The committee composed of three members from the M. F. A. and the Farm Bureau, Thomas Dewitt, James Lynch, W. J. Solter and John Evans, D. O. Belt and Wm. Hinton, which went into conference for two hours Saturday afternoon, had no report to make to the general meeting held at 4 o'clock.

The members of the Farm Bureau who were present at the meeting could not see their way clear to accept the proposal as presented by Mr. Solter, as it was their opinion that the proposal would not keep up the extension service in the county as it is now operating according to one of the members this morning.

The proposals as presented by Mr. Solter:

1. That the name of the organization shall be the Nodaway County Farmers' Association.

2. Every member of the organization shall receive the benefits of the extension service of the College of Agriculture through the County Agent, and the extension service of the Home Economics Department of the College of Agriculture, through a Home Demonstration as she is needed. And shall receive the benefits of all the marketing machinery of the Missouri Farmers Association for the sum of \$2.50.

3. The Women's Progressive Farmers Association, which is a branch of the M. F. A. shall take their appropriations which they may receive from the county, state or federal government and put them into the treasury of the said organization, namely, The Nodaway County Farmers Association, and the Farm Bureau take their appropriations which they may receive from the county, state, agricultural College of federal government and put them into the said organization.

4. That the organization select from among its members a man to collect or solicit all the dues of any man wanting to be a member of the state Farm Bureau or National Farm Bureau, and the proportional part of such dues, as is due the County Agent, the Farm Bureau by-laws, be given him.

5. That \$1.00 of the \$2.50 member-

ship dues be put into the treasury to maintain a County Secretary, who shall meet with the different clubs of the county and do anything reasonably in his power to help the farmers of this organization to perfect their co-operating marketing machine. And the remaining \$1.50 be sent to the state association of the M. F. A.

There should be a board of directors to manage the business affairs of the said organization, namely of the Nodaway County Farmers Association, and they shall be selected by the members of the organization, one of the directors shall be elected from each township of the County of Nodaway.

RECOVER 19 BODIES FROM UTAH MINE

FIFTEEN VICTIMS ARE IDENTIFIED TODAY.

SEARCHING FOR MORE

Rescue Workers See Many Additional Dead But Cannot Reach Them Because of Debris.

Castle Gate, Utah, March 10.—With nineteen bodies actually removed from the mine, fifteen of them identified, rescue work in mine No. 2 of the Utah Fuel Co. here and search for the 173 coal miners who were entombed Saturday by a series of explosions of undetermined cause, was speeding up this afternoon.

It was reported earlier in the day that thirty-one bodies had been removed from the mine, but officials later corrected this by announcing that twelve of these bodies had been located and were being brought out as fast as rescuers could accomplish the work. At noon, members of the rescue party reported that many additional bodies could be seen but efforts to reach them still were hampered by the twisted timbers that choked the interior passage ways.

Commends Braille Work of Maryville Women

First Test in Transcribing Braille for Blind is Returned With Very Few Corrections

Mrs. J. J. Heifner, chapter chairman of Braille of the Nodaway County Red Cross, received the following letter regarding the Braille work sent in from the local class in Braille: Library of Congress, Washington, D. C.

"Dear Mrs. Heifner:
"We are returning the four Braille copies of the first test transcribed by your ladies."

"We desire to congratulate you and these workers on the excellent showing they are making. Is it possible that they have no assistance outside of the printed instructions?"

If so, they surely deserve a great deal of credit for the progress they have made.

Sincerely,
GERTRUDE T. RIDER,
in Charge, National Advisor on Braille, American Red Cross."

Miss Adelia Hoyt, assistant to Mrs. Rider, made the examination of the first four copies of Braille sent in by Mrs. C. D. Bellows, Mrs. Roscoe Heifner, Mrs. Chas. Stillwell and Mrs. Fern Crull on March 3. Miss Hoyt is without sight and made very few corrections on the transcribing in Braille which has been returned. The women of this Braille class who finished the first test that was returned, have started on the second Braille tests.

When the members of the class in Braille become proficient their work is sent to the Evergreen School for Blind at Baltimore, Md., where ex-service men are cared for. The Braille work is carried on mostly by the American Red Cross.

DAUGHERTY'S TRIAL STARTS TOMORROW

TO ATTEMPT TO CONNECT HIM WITH REVOLUTION.

TEAPOT IS COOLING OFF

Senate Committee Has Promised Numerous Thrills to Take Place of Oil Lease Scandal.

Washington, March 10.—Plans for the public trial of Harry M. Daugherty, Attorney-General, on charges of neglect of duty, were completed today by a special Senate committee.

The first public session, scheduled for tomorrow, will be devoted to evidence linking the Department of Justice with alleged conspiracy to foment a revolution in Mexico, according to Senator Wheeler, Democrat of Montana, leader of the prosecution.

Daugherty, who has denied all charges against his honor and integrity, will be represented by his personal counsel.

The Daugherty inquiry probably will still the spotlight of the Teapot Dome inquiry, which has furnished so many sensations during the last few weeks. Leaders of the Daugherty trial are known to have in their possession evidence of a sensational nature and they have promised a series of thrills equal to those in the oil scandal.

Friends of Daugherty contend that the evidence will not involve him personally, but they admit that it would reflect seriously upon members of his department.

CONGRESSMAN HELD FOR GRAVE CHARGE

DENIED BAIL FOLLOWING ARREST LAST NIGHT

WAS REPUBLICAN 'WHIP'

Knutson, Republican of Minnesota, Tries to Bribe Officers "To Keep This Out of Newspapers"

Clarendon, Va., March 10.—Harold Knutson, Republican Representative from Minnesota, was held in jail here today and temporarily denied bail following his arrest last night on a lonely road in company with Leroy M. Hull, 29, said to be an employee of the department of justice.

They are charged with a grave moral offense. Knutson and Hull were arraigned today before Judge Thomas, after spending the night in jail. They entered pleas of "not guilty" to the charges.

Knutson asked time to arrange for counsel, and this was granted. The court, meanwhile, refused to accept bail. Pleas for Congressional immunity were also turned down.

The arrests were made by officers. They declared they found Knutson's automobile parked on the side of the road of the Arlington County constabulary.

Representative Knutson is one of the best known Congressmen in Washington. He is serving his fourth term and was Republican "whip" in the last session of the House.

Hull, his companion, is said to have come to Washington recently from Nebraska.

The county officials declared that Knutson was greatly agitated by his arrest and offered them his automobile and a large sum in cash if they would let him and his companion go, and "keep this out of the newspapers."

SINCLAIR TO FIGHT GOVERNMENT SUITS

HE ENGAGES CORPS OF SIX LAWYERS TO AID HIM

TO TAKE ACTION SOON

Roberts and Pomerene Leave Washington Today for Wyoming—To File Against Sinclair

Chicago, March 10.—Harry F. Sinclair will contest the legal action of the government to annul the Teapot Dome oil lease.

He made this announcement just before he and a corps of six attorneys boarded Sinclair's private car for a trip to Cheyenne, Wyo., where the action will be opened by the government this week.

Washington, March 10.—The machinery through which the government hopes to recover the naval oil lands that were leased to Doheny and Sinclair, began to move today.

Atlee Pomerene and Owen J. Roberts, the government's special counsel, left for the West this afternoon. Suits will be filed this week to recover the lands and stop Doheny and Sinclair from further extracting oil from Teapot Dome and Elk Hills.

Pomerene and Roberts will arrive in Cheyenne Wednesday. The government suits will be filed in federal court either late Wednesday or early Thursday, in the case of the Teapot Dome lease. Then they will move on to California and file similar proceedings in the federal court in the southern district.

With court action imminent, the Senate public lands committee prepared to extend the scope of its inquiry into the oil leases with the indication that the new investigation will continue for weeks.

Only One-Third of Delegates for Reed

McAdoo Gets 518 Delegates, Which is Only 62 Short of Majority in State Convention

St. Louis, March 10.—United States Senator James A. Reed, who sought endorsement for the Democratic nomination for president will control, uncontested, less than one-third of the delegates to the Democratic state convention to be held in Springfield, Mo., April 15, returns indicate. The total number of delegates is 1,158.

Many of the delegates elected will go to the convention uninstructed while delegates elected from St. Louis, Jackson county, and several other counties are contested by Reed and anti-Reed men. The question of contested delegations will be settled before the Democratic state committee.

According to a statement issued by C. C. Oliver, director of William G. McAdoo's campaign in Missouri, "reports from the various Democratic county conventions over Missouri indicate the election of 518 delegates favorable to McAdoo. This is only 62 votes short of a majority in the state convention."

Gasoline vs.
Ice Cream Soda

IN recent years, the price of gasoline has been
discussed, widely and at length. It has been
the subject of legislative discussions and inves-
tigations. It has served in some instances as a
political vehicle for aspiring candidates.

Because gasoline plays such an intimate part in
all our lives the theme has been a popular one.

Standard Oil Company (Indiana) is America's
leading refiner of gasoline and, therefore, is keenly
interested in all phases of such discussions.

For the benefit of those who would have the
subject illuminated, this Company will present, in
the next few weeks, some side-lights on this
question.

The average tank wagon price of gasoline in the
ten Middle Western States served by the Standard
Oil Company (Indiana) is approximately equal to
the price of an ice cream soda—which com-
parison we make merely as an example.

The ice cream soda satisfies a passing desire—
it is pleasant—it is nourishing.

A gallon of gasoline renders a vital service—it
will take your car a dozen or a score of miles on
an errand of business, pleasure, or mercy.

It will bring the doctor to administer to the sick
—it will propel a fire engine to save property—it
will harvest grain—and in innumerable instances
does gasoline render an essential service.

Gasoline is a vital cog in the wheel of industrial
progress.

Gasoline is the cheapest commodity in the world
—in proportion to the service it renders.

To make this service available to all; to enable
every one of the thirty million people of the
Middle West to get gasoline when and where he
wants it, the Standard Oil Company (Indiana) has
built up, and maintains, a system of distribution
so comprehensive that its gasoline may be had
every few blocks in the city and every few miles
in the country.

The Standard Oil Company (Indiana) counts its
system of distribution a major achievement,
because its benefits accrue to the man who buys
two gallons of gasoline as well as the man who
needs a thousand gallons.

Hoshor-Headrick Wedding

A pretty wedding took place at 2 o'clock Sunday afternoon at the home of Mr. and Mrs. W. D. Hoshor, south of Maryville, when their daughter, Chloa Marie, became the bride of Garland O. Headrick of Burlington Junction. The bridal party entered the living room to the strains of the wedding march from "Lohengrin," played by the bride's sister, Mrs. John Scowden. The Rev. M. L. Shemwell of Maryville read the service, using the ring ceremony. Little Charles William Hoshor, nephew of the bride, carried the ring in a Calla Lily. The bride wore a beautiful gown of white roshnara crepe and she carried a shower bouquet of roses, sweet peas and hyacinths. Following the ceremony a buffet luncheon was served by three close friends and the sister of the bride, Misses Velma Gressly, Mertie Hutchison, Fernie Bever, and Laura Hoshor. The rooms were artistically decorated in cut flowers and house plants. Mr. Headrick and his bride will be at home on a farm near Burlington Junction. The bride is one of Nodaway county's well known teachers and Mr. Headrick is a farmer and stockman. Guests at the wedding were Mr. and Mrs. Glenn Evans, Mr. and Mrs. James Fisher and son, Mr. and Mrs. Carl Helzer, Mr. and Mrs. Orville Bennett, Mrs. Anna Bennett, Mr. and Mrs. Charles Bears, Mr. and Mrs. Douglas Hoshor, Mr. and Mrs. Clyde Hoshor, Mr. and Mrs. Charles Hoshor, Mr. and Mrs. Warner Wood, the Rev. and Mrs. M. Celebrate 50th Anniversary

Surrounded by their children and grandchildren, Mr. and Mrs. M. Ray of 220 South Saunders street commemorated their half century of wedded life on last Friday. A two-course dinner was served and a large white cake on a yellow doily decorated the table. Above the centerpiece was a wedding bell with yellow streamers. The children presented their parents with a beautiful reading lamp and they also received a bouquet of American Beauty roses and a potted plant.

The marriage of Mr. and Mrs. Ray took place on March 7, 1874, in Buchanan county, Mo., south of DeKalb, and they rode on horseback to the scene of the wedding. At that time a marriage license was not required by law. Mr. Ray was 73 years old February 16 and his wife of fifty years will be 67 years old the 25th of this month. They had always lived on a farm until three months ago when they retired from the farm and established a home in this city. For the last twenty-five years Mr. and Mrs. Ray had resided near Maryville. Until the day before the anniversary celebration they had never purchased a pound of butter always making their own supply.

Circle No. 4

Circle No. 4 of the Baptist Church Auxiliary met Friday evening at the home of Mrs. Robert Jones on South Market street. The benevolent and aid committee reported forty-seven calls during the month and the enlistment committee eleven. The special collection amounted to \$1.90 and the regular \$1.00. Miss Mollie Henderson had charge of the program which opened with singing of "How Firm a Foundation" and sentence prayers. Mrs. E. A. Kendall, Mrs. C. V. Ford and Mrs. Y. A. Bailey gave scripture readings and Mrs. Angie Briggs spoke on "Faithfulness in Service." The rest of the program included a song, "Jesus Calls Us;" reading by Beth Briggs; talk on "Home Board Work in Cuba," by Mrs. Ursle Crockett; talk, "Work to Be Done in Panama," Mrs. F. A. Bush; prayer, Mrs. Leo Strong; song, "From Greenland's Icy Mountains;" and an article from Word and Way on "Brethren Pray," written by the Rev. Lewis Hale, a former pastor of the local Baptist Church. The program closed with prayer by Mrs. Bush. The hostess served refreshments and was assisted by Mrs. Briggs. Seventeen members and five visitors were present.

Lyle Family Reunion

A family reunion and 1 o'clock dinner was held yesterday at the home of Mr. and Mrs. Robert Lyle on East Seventh street in honor of their daughter, Mrs. A. D. Taylor of Chehalis, Wash. Additional members of the family in attendance were Mr. and Mrs. Harry Lyle and son, Harry Mason, Mr. and Mrs. Lester Lyle and daughter, Estellene, Miss Clara Roelofson, Aubrey Lyle of Lincoln, Neb., and Mr. and Mrs. J. P. Jones and baby son, Wallace Preston, and Virgil Lyle of Omaha. Mr. Jones and Aubrey and Virgil Lyle left for their home this morning while Mrs. Jones and baby daughter remained for a longer visit with her parents.

Miss Elizabeth Ashford went to Kansas City this morning on a business trip.

Mrs. J. M. Patton of Omaha came Friday to spend the week end with her cousins, Mrs. D. W. Snoderly, and family, and J. C. Robison, and Mrs. Robinson.

Mr. and Mrs. W. L. Rhodes spent yesterday in Ravenwood with the latter's parents, Mr. and Mrs. George Ellsworth.

Miss Hosmer Receives Word of Jr. Red Cross

Director at St. Louis Concerning Branches at Indian Schools in Arizona.

Information concerning the Indian schools at Fort McDonald, located near Phoenix, Ariz., and the Roman Catholic Mission School, 65 miles from Tapawa, Ariz., and the Roman Catholic Mission School, Our Lady of Laurels, near Sells, Ariz., has been received by Miss Margaret Louise Hosmer, chapter chairman of the Junior Red Cross in Nodaway County, from Miss Faith Young, Director of Junior Red Cross, St. Louis.

Miss Hosmer has been busily engaged in organizing Junior Red Cross branches in Nodaway County. The Franklin Ward School has taken up the work and the other schools of the city have practically consented to take up the prospects of the Junior Red Cross.

The school at Fort McDonald has sent in pictures of the children and school there, and the instructors there say that the children want to make first aid boxes as part of their Junior Red Cross activity. They must have materials, such as tin cans, adhesive tape and rolls of bandages and is asking the Junior Red Cross of Nodaway County to assist them. The Mission School at Sells, Ariz., wishes to correspond with another Roman Catholic School which has a Junior Red Cross department and the Mission School at Topawa, Ariz., desires to get writing materials.

The Junior Red Cross work is being rapidly accepted by the schools in the county and Miss Hosmer is greatly encouraged in the work of the children in this department of the Red Cross that is forecasted in the future.

R. I. Bilby and Russell Bilby of Quitman, accompanied by Gene Bilby of Newark, N. J., were in Maryville today on business.

Misses Gertrude Wray, Harriett Miller and Mary Todd were week-end guests of Miss Evelyn Evans at her home southwest of Maryville.

Mr. and Mrs. L. B. Tracy spent Sunday in Bedford, Ia., with the former's parents, Mr. and Mrs. L. T. Tracy.

Miss Glenn Porter began work this morning in the office of the Shoemaker-Boward Transfer Company.

Mr. and Mrs. F. A. Weidner and their guests, Mr. and Mrs. William McLain of Independence, Kan., motored to Clarinda, Ia., yesterday to spend the day with relatives. Mr. and Mrs. McLain came Saturday for a few days' visit with Mr. and Mrs. Weidner.

Joe Schrader of Barnard spent the week-end in Maryville with his brother, Gerald Schrader.

COMMUNITY CHURCH IS GREAT SUCCESS

FORMER NODAWAY COUNTY PASTOR IS IN CHARGE

AT BARNARD FOUR YEARS

South Methodists, North Methodists, Presbyterians and Disciples Use Same Church and Pastor

The Rev. J. Howard Thompson, who was pastor at Graham in the winter of 1907 and at Barnard for four years, is now located at Edina, Mo., where he is the pastor of a Community Church in which four denominations—North Methodists, South Methodists, Presbyterians and Disciples—are united.

The following article is taken from last week's issue of the Farm Bureau News, and tells of Mr. Thompson and his work at the Community Church at Edina:

About five years ago, up in Knox County, Mo., the town and country folk who worshipped at the various churches in Edina decided that the best way to foster a true community spirit was to establish a community

church, which would have for its goal the building up of the town and community as well as the saving of souls.

The four Protestant Churches in the town, under the leadership of E. C. Wright, pastor of the Methodist Church, united their membership and their efforts under the name of the Edina Community Church and set out to build up the community spirit as a means of bettering the conditions in the town and bringing more people to their little church.

The Community Church, which was founded in 1919, now has a membership of over three hundred, and an average attendance at their Sunday School of over 200, many of these coming from long distances in the surrounding community.

Perhaps their outstanding piece of work is keeping the young folks of the town interested in the church for they have a young peoples class, most of them in high school, with a membership of nearly forty, while the men's bible, class has a membership of nearly 75.

All civic and social work is carried on under the auspices of the Community Church, and the present pastor, J. Howard Thompson, co-operates most effectively with all of the organizations in the surrounding community giving his time unselfishly to helping in the community work carried on by the Farm Bureau, and working with all of the Homemakers Clubs, for which Knox County is famous.

"We celebrate birthdays of Lincoln and Washington each year in the church, as well as Armistice Day, and we recently celebrated the hundredth anniversary of the Monroe Doctrine. Each spring we hold a week's jubilee service in honor of the coming of the church to this county," said the pastor. Lecture courses are brought to the community yearly through the community church, school activities are conducted through it and the co-operation of the town and country is emphasized by its work.

Mr. S. R. Hoover, editor of the Knox County Democrat, together with the E. C. Wright, pastor of the Methodist Church at the time of the consolidation of the churches, were largely responsible for the activities of the community church in building up the work of the church along social lines.

All factional lines have been done away with in the work of the church and this has been responsible for the development of the community church as a power for good in the community as well as making it a real common ground for all of the various activities to be brought together to work for the best interest of the entire community.

In a large degree the development of the community church is due to the present pastor, J. Howard Thompson, who has been in charge for the past three years, and who has done much to bind the town and country together, making a real community spirit felt throughout the locality.

What Linit Means to the Well-Dressed Woman

EVERY well-dressed woman takes great pride in the dainty, fresh appearance of her personal wash garments.

But, because it is often difficult to get good results with ordinary starch that forms a sticky jelly when it cools, the modern woman now starches with Linit, the remarkable new starch discovery.

Linit is a new starch—distinctly different from ordinary, old-fashioned starches. Linit gives a soft, pliable finish to all fabrics, making even cotton goods look and feel like linen.

LINIT makes a THIN, "milky" mixture, free-running like water. You dip your garments into this mixture which is quickly absorbed by the fabric. Linit is not "spread on," which was customary with the old-fashioned starches.

The Linit mixture does not present the stiff, jelly-like appearance of ordinary starch. This is why you will find it easier to iron with Linit.

Use but *half the amount* of Linit than of old-fashioned starch—because Linit goes twice as far.

Your Grocer now has Linit—10c.

A most successful Northwest Missouri basketball tournament has been completed. As the curtain is rung

down on the final contests, players and fans alike turn to the selection of the all-star team.

It has fallen to the lot of the writer, assisted by the referees of the tournament, to pick out the players, who have stood out sufficiently through the tournament playing, to warrant being named on a mythical five—a five which should be composed of players who possess a natural ability but also are outstanding for clean playing and good sportsmanship.

In order to simplify the picking of the teams, three quintets have been selected by the writer, one representing the class A division, one representative of the class B division and the other selected from the tournament as a whole.

The Tournament Team.

Conners of Maitland was chosen captain and forward of the all-star team. Conners is a player who was in every play on the court, a fast dribbler and an excellent shot from any position on the floor. He was a splendid asset to the Purple and White team in every department of the game, a strong offensive player and a splendid defensive man. While there are others on the team who might measure up to Conners in playing ability the clean sportsmanlike playing make him deserving of the honor.

At the other forward position, Ungles of the Maitland team was the one finally selected. Ungles has a knack of getting away and uncovered while under the opponent's basket and in addition to this is a fast running mate to Conners in floor work. On the defense Ungles is a dependable player and seldom allows the man to slip in behind him.

At center, Knepper of the Maitland team drew the ribbon. The center po-

sition was not marked by any outstanding player. Knepper is a new man on the Maitland team, was "in there" all of the time and also was able to annex a basket when most needed by the Maitland quint. Although Knepper did not always get the jump on the opposing pivot man he made up for this in speed and skill.

Fry and McGee of Cameron were the two men finally chosen at the guard positions. Both men were able to take the ball off of the enemies' back board and also were valuable men in the offensive department of the game. The two Cameron men were good at taking the ball away from the opposing forwards and rarely let the opponents secure an open shot at the basket.

Class A Team.

Parks of Cameron was the first choice for forward on the class A team. Parks had a keen eye for the basket and combined this with speed and skill in floor work was one of the most feared forwards in the tournament.

Ogden of Maryville was chosen as the other forward on the class A team. Ogden was high-point man on the Maryville team and was a capable man at both defense and offense. He was especially good on follow-up shots but lacked the speed to secure him a berth on the tournament team.

Taylor of Mound City was chosen center on the class A team. Taylor carried the blunt of the fight for the Mound City team and possessed the necessary height and speed to make an ideal pivot man.

Fry and McGee of Cameron were rated as the two best guards in the A division. McGee was also named captain of the class A team.

Class B Team.

Conners, Ungles and Knepper were selected as the two forwards and center of the class B team. Hewitt of Rosendale was selected as guard and captain of this team. Hewitt was one

of the best offensive guards in the tournament and would have made a strong bid for the tournament all-star team if the Rosendale team had advanced farther in the tournament.

Marion of Maitland was the choice for the other guard position. Marion was a good guard and was able to secure possession of the ball from off the opponents' back board most of the time.

The honorable mention list has a number of men who were stars on their respective teams. The most of them possessed marked natural ability but lacked the necessary polish and skill to give them a place on the all-star selections.

Spoofhounds Lose Class A Honors to Cameron Quintet

The Maryville Spoofhounds were eliminated in the championship game of the class A division by the husky Cameron team by the score of 32 to 13. The Spoofhounds were unable to penetrate the Cameron defense in any great degree while the Cameron cagers by accurate shooting from the mid section of the court piled up a lead which Maryville was unable to over take.

The Maryville players were badly off form in the first half and missed many easy shots from close quarters. The half ended with Cameron holding a 14 to 3 lead.

In the third quarter the Spoofhounds staged a rally and for a time out played the Cameron cagers. This was short lived and when the final whistle blew Maryville was trailed by nineteen points.

Ogden and Willoughby were the outstanding players on the Maryville team although Bush, Chick and Cockayne played a good brand of ball.

The entire Cameron team starred during the game, the forwards by accurate shooting, and the guards by the

close guarding.

Missouri Tigers Win Valley Indoor Meet

Bob Simpson's Proteges Score 38½ Points, 14 More Than Nebraska Tracksters Who Place Second. The Missouri Tigers romped away with the Valley indoor meet in Convention Hall at Kansas City Saturday night.

The Tiger tracksters scored 38½ points, 14 more than their nearest competitors, the Cornhuskers of Nebraska, Kansas was forced to third place, by winning only 17 points in the annual indoor meet. Ames was fourth with 12 points, Kansas Aggies fifth with 11½ and Washington University sixth with 8½ points. Grinnell scored 6 points, Drake 3 and Oklahoma none.

Nodaway Valley Fair Association Elects

Maitland, Mo., March 10.—The board of directors of the Nodaway Valley Agricultural Fair Association has elected the following officers for 1924: P. L. Bohart, president; W. Tom Groves, vice president; G. Fred DeBord, secretary, and H. S. Cook, treasurer. The other directors are: Joe Henry, Charles E. Grove, M. O. Patterson, Sanford Kaufmann, Lem Meadows and Harry Kelley.

Mr. Bohart has been president and Mr. DeBord has been secretary of the local fair association for several years.

The directors reported that the fair last summer was the most successful in the history of the association. The 1924 fair will be held the last week in July.

MARTHA WASHINGTON

The Hot Lunch Club held its monthly election of officers Friday evening Louise Lippman was elected president and Audrey Shinnabargar, secretary. The secretary's report showed that among the past month's lunches, the following dishes had been served: tapioca pudding, chocolate pudding, baked potatoes, vegetable soup, potato soup, baked macaroni and cheese, bean soup, cocoa and mashed potatoes. Mr. Arney's lecture Tuesday evening was on yarding chicks and selecting eggs for market. The club voted to go in a body Saturday afternoon to see Mr. Arney's incubators and poultry house at his home in Maryville.

After the lecture short talks were made by some of the members of the club. During the business meeting the officers were re-elected to serve another year. The officers the past year were: F. C. Kelly, president; Roy Lippman, secretary; Maye Sturm, treasurer.

A social hour followed the business meeting during which several stunts were put on by the men. Afterwards everybody joined in the community singing. The ladies served refreshments of pie, doughnuts and coffee. There were thirty in attendance.

Misses Gertrude Belt and Mayo Sturm spent Saturday in St. Joseph.

Mr. and Mrs. H. R. Gannan of Maryville spent the week end with the latter's mother, Mrs. Laura Hickman, and attended the basketball tournament.

Maryville, Mo.

March 10, 1924.

Editor of Democrat-Forum:

If you will allow me the valuable space in your paper, I will try to explain to some of our sportsmen and others who might be interested in the Izaak Walton League, and what its purposes are intended for.

We welcome the Maryville sportsmen and others into this great movement for fish and game conservation. This is a great and noble work and very unselfish because the fruits of our efforts are going to live for generations to come.

Nature has been kind to Missouri, giving her wonderful forests, some of the most beautiful streams in America, well stocked with fish, and an abundance of small game and quite a few deer. But Missouri has not been kind to Nature. Commercialism has destroyed her forests; industries, factories, mills and city sewers are polluting her streams; the market hunter and market fisherman, together with the seiner and dynamiter are playing havoc with what few fish and small game there is left. It is time to call a halt, we must eliminate these destructive agencies.

One of the first things to do is to take the Fish and Game Department out of politics. You and I and the rest of the sportsmen are contributing

about \$200,000 a year for the upkeep of the Fish and Game Department, which the state doesn't contribute a cent to maintain. This department in my mind has been allowed to become a political foot-ball.

The present Fish and Game Department has accomplished more than any previous administration. Now that we have a State organization the first work is putting Missouri on the Fish Game conservation map can be started.

There is a lot of work to be done. This thing cannot be accomplished over night or week, it is going to take a lot of pushing, we must have and want to get sportsmen and especially farmers to pushing. We must have chapters in every live community in

the county and also in the state.

The main thing to do is to see that our state senator and representative to the legislature knows of our organization and what we want. If there are any one in nearby communities who are interested in our chapter, they should send in their names to be added to our already large list.

Clean up the local conditions, so far as fish and game laws violations are concerned. A lot can be accomplished by the members and public sentiment. Persistent violators should be arrested.

The State Fish and Game Department will gladly co-operate with us if we will furnish definite information. We can do a lot of good here if we will only put our shoulders to the wheel.

Pennsylvania, where the small game was practically gone and the streams fished out, has accomplished wonders by its fish and game conservation policy. The same is true of other states. Including Indiana, in Lake County, Indiana, every man in the county belongs to the Izaak Walton League.

This movement is growing very rapidly, and should be attached to it all red blooded Americans and help in this great work. It is really a great privilege to be a member of this great League.

Respectfully yours,

HARVE ENGLAND.

Temporary President.

IN MEMORIAM.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients. A large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

A full range of vision with our glasses that restore your sight to normal.

FOR CHAMPIONSHIP OF NORTH-
WEST MISSOURI.

FINAL SCORE IS 29-14

Will Represent This District at State
Tourney at Cape Girardeau on
March 21 and 22.

The fast Maitland quintet completely smothered the Cameron basketball team and won the grandchampionship title of Northwest Missouri in a thrilling and spectacular 20-to-14 game at the College Saturday night. The speedy court work and accurate goal shooting of the Maitland offensive section seemed to dazzle the Cameron team.

The east gymnasium, where the final game was played, was packed to capacity Saturday night. After the game Uel W. Lamkin, president of the State Teachers College, presented the trophies to the winners. The captain of the Cameron team was presented with a loving cup as winner of class A and a basketball as runner-up in the tourney, given by Irwin Bartram, repre-

senting the Winchester Stores. The captain of the Maitland team was presented with a loving cup as winner of class B and another loving cup as district champions, given by the Raines & Chaves jewelry store. The trophies for the class winners was given by the College.

Maitland won the right to compete in the final game by winning the class B championship in the afternoon session, defeating New Point by a score of 25 to 15. Cameron won the class A championship and the right to compete in the final contest by a victory over the Maryville team in a 32 to 13 game.

The Maitland forwards were "right" Saturday night and were able to dribble and pass through the Cameron defense with apparent ease. Immediately after the start of the game Conners, captain and forward of the Maitland team, broke loose and scored from close quarters. During the first quarter the Purple and White team scored eight points while Cameron failed to register from the field. The half ended with Maitland holding the heavy side of a 13 to 4 score.

In the second half Leach, the Cameron center, scored four times from the field for a total of eight points. Ungles, Maitland forward, lead the field in scoring during the game with a total of fifteen points.

The husky Cameron guards failed to stop the Maitland shifty and speedy forwards on the Maitland team and although the entire team played a good brand of ball they were completely outclassed in all departments of the game by the Holt County entry.

Maitland will represent the Northwest Missouri district in the state tourney to be held at Cape Girardeau on March 21 and 22.

The box score:

Maitland's Record.
The Maitland team, by virtue of its victory Saturday night, hung up a record of thirty-one wins and no defeats for the 1924 basketball season.

During the season the Maitland team scored 1336 points while their opponents counted 497 points. This makes an average score for each game of Maitland, 43, opponents 16. The scoring honors were about equally divided between Ungles and Conners.

The personnel of the Maitland team is composed of Conners, Ungles, Knepper, Warner, Marion, Brown and Edwards. Cartwright also played with the Maitland team until recently when he became 21 years old and according to the Northwest Missouri regulations was unable to compete any more.

Conners, Marion and Edwards will be lost to the team by graduation. This leaves Knepper at center, Ungles at forward, Warner at guard and Brown a substitute forward, around which to build a team for next year. Knepper, Ungles and Warner are juniors and Brown a freshman.

E. L. Riley, coach, has been with the Maitland High School for two years. He is a graduate of S. T. C.

Cameron's Record.
The Cameron team this year has been under the tutelage of Sam Utes, a Missouri University man, who won a track letter there. The Cameron team played eleven games this season outside of the tourney games, winning nine and losing two. It defeated Liberty, Richmond, Gower, Chillicothe, Maysville and Holt and lost to Lafayette and Benton. Three of the regulars graduate this year. They are Parks, forward and captain who is playing his fourth year; Ketcham, forward, playing his second year; and Fry, guard, playing his third year, who was captain of the football team.

Leach, a sophomore, is playing his first year at center. McGee, a guard, is a junior and is playing his first year of basketball. Kanan, forward and Maders, guard, are sophomores and were substitutes this year.

DENBY BIDS NAVY GOOD BYE TODAY

CLERKS, EMPLOYES AND OFFICIALS WISH HIM WELL

ROOSEVELT TO POST

Will Be Acting Secretary of Navy, Until Coolidge Names Successor—
Farewell Message Sent

Washington, March 10 — Edwin Denby said good bye to the navy today.

Amid the strains of Auld Lang Syne played by the famous marine band, all the high ranking officers of the navy, the clerks and hundreds of civilian employees who have been associated with Denby during the three years he has directed the American navy, filed through his office today to shake his hand and bid him farewell. Late this afternoon, the job of running the navy will be turned over formally to Theodore Roosevelt, Jr., the assistant-secretary. Roosevelt will serve as acting Secretary of Navy until Denby's successor can be named by President Coolidge.

The President today was still trying to make his choice but it was indicated at the White House that a final decision may not be reached today.

Denby's last official act was to send the following radio message to all American naval establishments:

"All navy, good bye, and God bless you. Edwin Denby."

ning the navy will be turned over formally to Theodore Roosevelt, Jr., the assistant-secretary. Roosevelt will serve as acting Secretary of Navy until Denby's successor can be named by President Coolidge.

The President today was still trying to make his choice but it was indicated at the White House that a final decision may not be reached today.

Denby's last official act was to send the following radio message to all American naval establishments:

"All navy, good bye, and God bless you. Edwin Denby."

Mid-West Concert Co. Gives Program Tonight

Benefit Program to Be Given at First Christian Church at 8 o'Clock Tonight—Four Artists.

A musical program is offered by the Mid-West Concert Entertainers whose numbers are both the operatic and popular variety. The Company consists of four stars from the concert stages consisting of Miss Ruth Elliott, soprano; Miss Cora Lee Messimer, violinist; Miss Dorothy Kenworthy, reader; Miss Delores Bond, pianist and cornetist. The Mid-West Concert Entertainers

have for three years appeared in the leading cities of the United States and have been acclaimed by the majority of critics as the finest organization to be heard in their city.

These artists have been secured for tonight through the efforts of the Men's Bible Class of the First Christian Church for the benefit of the High School Activity Fund. The concert will be held at the First Christian Church at 8 o'clock.

The following program will be offered:

- Bird Raptures (Snieder).

New Beauty for you Next Week

You Who Wish

Whiter, cleaner, safer teeth have
only to fight the film

Accept this offer of a new way of teeth cleaning. It is delighting millions. It is bringing them the prettier teeth you see everywhere today.

It means vast benefits which your home should enjoy. Let this test show them to you.

You leave film

You feel on your teeth a viscous film. No ordinary tooth paste effectively combats it, so much of it clings and stays.

Soon the film discolors, forming dingy coats. Then pearly teeth grow cloudy.

Film is the great destroyer. It

holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Those who escaped such troubles have been few indeed.

Two new methods

Dental science has in late years found two ways to fight that film. One disintegrates the film at all stages of formation. One removes it without harmful scouring.

These methods have proved themselves exceedingly effective. A new-type tooth paste has been

created to apply them daily. The name is Pepsodent.

Leading dentists everywhere began to advise it. Now this tooth paste is in world-wide use. To careful people of some 50 nations it has brought a new dental era.

Every user knows

Every user gains at once new benefits, new delights.

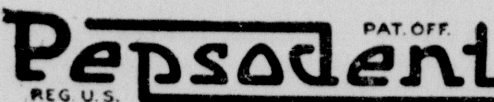

Pepsodent multiplies the alkalinity of the saliva. It multiplies the starch digestant in saliva. These are Nature's agents for combating acids and starch deposits. These combined effects will bring you new conceptions of clean teeth.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.

Then decide by what you see and feel. Cut out coupon now.

Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combant which contains harsh grit.

The New-Day Dentifrice

Based on modern research. Now advised by leading dentists the world over.

Something More!

After meals you want something more—a bit of sweet with a change of flavor. WRIGLEY'S is that "something more" and it's more than that! It is a great aid to your good health, as medical authorities say.

This is from a recent book on health:

"Many physicians now recommend gum chewing . . . for a better and more complete change of the starches into dextrin."

WRIGLEY'S after every meal

—means that your digestion is aided while your pleasure is served; teeth and digestion both benefit.

Your choice of several flavors, all of the WRIGLEY quality—sealed in its purity package.
